The Report of the Directors and the Audited Financial Statements for the year ended 31<sup>st</sup> December 2022 which were contained in the integrated Annual Report availed on the Company's website were received and taken as read.

#### **Group Managing Director's Presentation**

**Mr. Mohit Kapoor** briefly took shareholders through the Company's business activity and performance highlights.

He pointed out that the Company focused on five areas during the year as follows:

- *Promotion of Professionalism in the construction sector;*

The Company engaged over 1 million end-users such as builders, contractors and homeowners to discuss issues such as Demystifying real and perceived complexities of building, Professional construction practices and Product benefits and applications at various stages. These conversations were held in various digital platforms, together with product demonstrations and on-site and in-class training.

- *Production Innovation*

In 2022 the Company launched TectorCeram – a ready-to-use dry mortar product range in Kenya and Uganda. The Company also launched Eco-labeled 4 Cement brands in Kenya and these brands have achieved more than 30% less carbon emission.

- *Partnership with Large Contractors in construction of major infrastructural projects*

The Company supplied Cement to numerous infrastructure and building projects within the region such as Dongo-Kundu Bypass, Makupa Causeway Bridge, Entebbe Airport Expansion Project, Railway Line from Namave to Tororo, Kikagati Hydro Dam, Kampala-Mpigi Expressway Project and Achwa Hydro Dam.

- *Sustainability Goals, and Social Initiatives,*

The MD reiterated the Company's commitment and actions taken by the company in achieving the sustainability goals on Climate Change, Circular Economy, Nature and Bio-Diversity, People and Human Rights, Sustainable Procurement, Customer, Product & Innovation and Business Ethics and Compliance.

The Company also took up Community-centered Corporate Social Initiatives (CSI) such as a donation of KES 10M in education scholarships to over 155 Students in 8 Regions in Kenya & Uganda; donated KES 2M to improve infrastructure for schools e.g. paved Kilimani Primary School Visually Impaired Unit; Cleaned up over 1700kg of solid waste from Mtopanga River and Care was provided for over 3500 Children and over 1500 mothers Under the Mother Child Health & HIV program.

- *Human Rights & Stakeholder Relations*

On Human Rights and Stakeholder Engagements the Company Conducted Human Rights Impact Assessments for cement plants in Kenya, engaged County Government and local community on Matuga project and also the National Government, Trade Associations on policies impacting business.

*Financial Performance*

The MD reported that the year 2022 was challenging for the Company and the overall turnover was rather flat despite the market construction that was experienced during the election period in the second half of the year and there was also industrial disruptions in Uganda in the 1<sup>st</sup> Half of the Year. The Operating Profit was also adversely affected primarily due to high cost of raw materials, inflation and disruptions in the global supply chain. The margins were therefore affected and the increase in cement prices was not able to cushion the business against the adverse effects. In regard to dividend payment, the Company as a principle always endeavors to pay the total EPS to the Shareholders as dividends and that is what will be paid.

The future of the Company is however bright despite the continuing challenging macro-economic environment. The Company's stable industrial performance and better cost management initiatives are helping in steering the Company in the right direction. The Company has taken the relevant steps to reduce the power costs by investing in the Solar Power Plant Project and is making the necessary steps to enhance its capacity on the expansion of the business.

**Independent Auditors Report**

**Mr. Denis Mugisha** was invited to read the Auditor's report to the Shareholders. He confirmed that Ernst & Young LLP audited the financial statements for the Company and its subsidiaries. In their opinion, the financial statements gave a true and fair view of the Company's financial position as at 31<sup>st</sup> December 2022 in accordance with International Financial Reporting Standards and the Kenya Companies Act 2015.

On other legal and regulatory requirements, he confirmed the auditable part of the financial statements was properly prepared in accordance with the Kenyan Companies Act, 2015. In view of the above, the auditors had issued an unqualified audit opinion.

**Mr. Kevin Wakwaya** was also invited to read the Legal & Compliance Auditor's report to the Shareholders. He confirmed that the Company is Largely Compliant as specified in the Annual Report.

The Chairman invited questions from Shareholders on the Directors Report and Audited Financial Statements to which the Group Managing Director, the Group Finance Director, Company Secretary and he himself would respond. Questions received prior to the AGM as well as some live questions (via the zoom link and toll free line) were responded to as follows:

- a) Shareholders **Patrick Chegeh Ngangah** and **Otieno David Henry** wanted to know
  - *Why reduce dividends?*

- *What is the dividend and when will it be paid?*

The **Group Finance Director** responded by first clarifying that the dividend per share proposed reflects the Company's performance and resilience in light of the challenging business environment in the year ended 2022. Turnover declined on account of decrease in government spending on infrastructure projects, suppressed consumer purchasing power, and stunted private sector credit growth. This was exacerbated by market challenges from the month of May-September 2022 due to Kenya's General Elections.

The Company recommends payment of a first and final dividend of KES 0.75 per ordinary share net of withholding tax, on or about 27<sup>th</sup> July, 2023. This is subject to your approval today at this meeting.

b) Shareholder **Kaaria Christian Mwirigi** asked the following questions:

- *How does the Company plan to mitigate business operations and profits from the imported clinker excise duty rise to 20%?*
- *Secondly against the rise on grid electricity costs that have risen by at least 40%?*
- *Lastly, can the Company pursue solar energy and recycling to reduce energy cost and enhance ESG practice?*

The **Group Managing Director** pointed out that the Company continues to pursue and implement innovative solutions to reduce its operating costs and optimize on efficient utilization of its available resources and assets. The Company remains optimistic about the growth of the EAC cement manufacturing sector and continues to reassert its presence in the market. Sustainability is at the core of our strategy. As such we are continuously evaluating alternative sources of energy in a bid to operate more sustainably and reduce operating costs. To that end, the Company is putting up 2 solar plants – adjacent to Mombasa Plant and Nairobi Grinding Plant to provide electrical energy in the near future.

c) Shareholder **John Kamau** asked the following questions:

- *What is the succession planning and protocol at Bamburi as it is crucial for the survival and innovation?*
- *How long in your projection will it take before shareholders see results from the awakened awareness from these new products?*

The **Group Managing Director** specified that one of the key strengths of the Group is the strong Human Resources system that the Company has and succession planning is something that is inherently built into the organisation in terms of merit. He further specified that the push is to ensure that there is always a candidate in an emergency situation. At the same time, there are two or more potential succession candidates available. The Company is benefiting from this whole Human Resources process that it has in the organisation. A case in point is starting with his appointment as the CEO. He specified that he has been part of the group and served the organisation while Seddiq has also moved to a role within the organisation as part of the process. The CFO appointed is an internal candidate who has been given an opportunity and the Company has many examples that showcase the inherent strength of this succession planning in the organisation. The amount

of talent observed in the Kenyan context in Bamburi is very commendable. This market is full of a lot of potential candidates that can serve an organisation like Bamburi.

He further specified that he has met many customers and retailers in the market and he is impressed with the knowledge they have of the products as well as the brand equity the Company enjoys. For instance the Nguvu brand has great brand equity in the market, while Fundi brand is being more and more consumed. The Maskani program to the end user is impressive too. The products continue to have a great impact and the positive trend is encouraging.

The Chairman then closed the Q&A session.

### **Ordinary Business**

The Chairman advised Shareholders that the resolutions put to the vote at the meeting would be passed by a poll after being read by the Company Secretary. Shareholders would be given a few minutes at the end of the meeting to complete voting after which the results would be announced. The results would also be published on the Company's website [www.lafarge.co.ke](http://www.lafarge.co.ke) within 24 hours of the meeting.

The Company Secretary read the ordinary resolutions as contained in the notice together with the names of Shareholders who had proposed and seconded the same. She also informed Shareholders on the process of voting through the available channels and handed back to the Chairman.

The Chairman proceeded to seek Shareholder proposals to approve and adopt the financial statements for the year ended 31<sup>st</sup> December 2022.

**Macharia Isaac Geoffrey Munuhe** proposed and **Mwangi Isaac** seconded the resolution and it was **unanimously resolved that** the Report of the Chairman, Group Managing Directors, and the Audited Financial Statements for the year ended 31<sup>st</sup> December 2022, be and are hereby approved and adopted.

## **5. DECLARATION OF A FIRST AND FINAL DIVIDEND**

**7. APPOINTMENT OF MEMBERS OF THE BOARD AUDIT & RISK COMMITTEE**

It was proposed by **Kariuki Lydia Wangari**, seconded by **Kimani Stephen Irungu** and resolved by a majority vote that Alice Owuor, Mbuvi Ngunze, Rita Kavashe and Austin A.O. Ouko be and are hereby elected to continue to serve as Members of the Board Audit & Risk Committee.

**8. DIRECTORS' REPORT & DIRECTORS' REMUNERATION REPORT**

It was proposed by **Dera Collins Ochieng** and seconded by **Kariithi Florence Wawira** and resolved by a majority that the Directors' Report and Directors' Remuneration Report for the year ended 31st December 2022 be and is hereby approved.

**9. RE-APPOINTMENT OF AUDITORS AND FIXING AUDITOR'S REMUNERATION**

It was proposed by **Geoffrey Bethuel Maoga**, seconded by **Mwaura Hannah Wanjiru** and resolved by a majority vote that Messrs Ernst & Young be re-appointed as the auditors of the Company in accordance with Sections 721 and 724 of the Companies Act 2015 and further that the Directors be and are hereby authorized to fix their remuneration.

**10. ANNOUNCEMENT OF RESULTS**

The results of the poll on each resolution were displayed via the live AGM platform for Shareholder noting. The Company Secretary announced that all ordinary resolutions put to the meeting were passed. The breakdown of the votes received would be shared via the Company's website [www.lafarge.co.ke](http://www.lafarge.co.ke) within 24 hours of the meeting.
